CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerne the most wholesome influence over the internal structures it heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

his class of diseases may be cured by well rubbing th Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency ad safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act opowerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight queasiness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked to in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and wherever where that organ the most depressed will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might be Holloway's Ointment with instant relief, and effect her own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of he back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effec a to rough cure.

Both the Ointment and Pills should be used in the following cases:—

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these life purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and mild and easy assimilation promoted, so that both physical and moral energy are increased,

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertical dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend

For all debilitating disorders peculiar to the sex and to every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, King's
Bilious Complaints	Fevers of all kinds	Sore Throats
Blotches on the Skin	Fits	Stone and Gravel

SIXTH INDUSTRIAL EXHIBITION

—OF—

The Mechanics' Institute,

SAN FRANCISCO, CALIFORNIA.

THE BOARD OF DIRECTORS OF the Mechanics' Institute hereby give notice that the Sixth Industrial Exhibition of that Association will be held some time in August next, in a building to be erected for the purpose in Union Square in this city. Every preparation will be made to accommodate exhibitors and visitors with a view to make the Exhibition profitable, instructive and pleasant to all parties.

During the three years which have intervened since the holding of the last Exhibition in this city the manufacturing, mechanical, scientific and useful and ornamental arts have made unprecedented progress on this coast, and it is believed that the proposed Exhibition will exceed any other in value that has ever been held on the shores of the Pacific.

The plan of building to be erected, which has been adopted by the Board of Directors, it is believed will prove to be the best adapted, both for display and convenience of the public, of any building ever erected in the State. The building will be perfectly water tight, being covered with a shingle roof, so that no damage from the elements can be anticipated.

All parties who are interested in any of the branches of Manufactures, Mechanics, or the Arts and Sciences are invited to exhibit in the proposed Exhibition, and to share in the publicity and consequent profit which always attends such enterprises. Suitable premiums will be offered, and the specific date of opening the Exhibition will be published at some future time.

By order of the Board of Directors.

Medical.

Ayer's CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE.
Clerk of Steamer Clarion.

Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify *the fountains of the blood.* JOHN G. MEACHAM, M. D

Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion,* when wholly or partially suppressed, and also very effectual *to cleanse the stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

[DATES TO THE 12TH JUNE]

The Legislature is still in session but drawing to its close, without apparently doing much of importance, if we except one or two things. By last accounts it was seriously exercised by and angrily discussing the propriety of the application of the word hoopilimeani by the *Advertiser* to some of its members; and as the charge was supplemented by others, differing in their degree of offensiveness, the Assembly deemed them altogether worthy of public notice. The discussion took a wide range, because the insulting terms were supposed to be aimed at the King and to high officials of friendly governments. The meaning of the native word is supposed to be something of a cross between our own words "tuft-hunter" and "lickspittle." The Assembly, we should say, is decidedly in favor of going after the *Advertiser* with a sharp stick.——A very important movement is on foot, with good prospects of success, of importing Japanese immigrants. They are to come out under specific contracts for three years on trial at $4 a month, with board and medicine found, and a free passage to Honolulu and back to Japan if demanded, on the expiration of the three years. One hundred and eighty are to come first, and if their report be favorable, any number of men and women are prepared to follow on the same terms. The authorities and public anticipate great results from these Japanese immigrants. They are spoken of as docile, industrious and accustomed to cultivating sugar, rice, cotton, and the staple products of the Islands. How the world progresses. A few years ago it was unavoidable death for a Japanese to return home after once leaving his country, even if blown out to sea and shipwrecked. Now they voluntarily seek the charms of Western civilization after centuries of isolation, and desire participation in its glories and achievements. For this great change, destined in the end to work a complete revolution, we must thank California and British Columbia. There is no denying the fact, for it becomes more patent every day, that both China and Japan can only be conquered and revolutionized through the Pacific. How earnestly then should every Englishman work to get this Colony connected with Canada, that she may at once enter upon the greatness of her brilliant future. It reflects severely upon our sluggishness that all people on the Pacific except ourselves are working in the right direction. Is it wise or patriotic to stand by with our hands in pocket and see others no better off than ourselves, rob us of this great prize? It was not once so with Englishmen.—The annihilation of time and space by the modern appliances of steam and telegraph was forcibly illustrated by the Wm. Wilson, which arrived at Honolulu from Sydney on 16th ultimo. On the same day they received intelligence of important events from distant and widely spread portions of the globe, showing that those nations only are out of the world whose country lies off the great routes of trade and travel; and we may also learn a lesson from this fact of the growing necessity for consolidation. From Sydney via London they heard of the attempted assassination of Prince Alfred on the 12th of March in 64 days. Yet the news travelled a long route; by steamer to Port du Galle, Aden and Alexandria, thence by telegraph to London and San Francisco, and thence by sail to Honolulu. The news passed over more than half the circumference of the globe, yet reached the Islands in *less time* than a sailing vessel could go direct from Sydney.—Earthquakes are quite lively again and causing serious apprehensions of another eruption. One shock occurred on the 4th of May at Hilo, another on the 27th in Kona, said to be equal to the great shock of 2nd April, and by the latter extensive damage was caused at Kau. It is a great pity we cannot get a good shaking up. What a world of good a first-class shock would do us.—The Hon. John Li has met with a severe accident by a fall from his horse, breaking his collar bone and otherwise seriously injuring him. He lay for some time on the roadside, and was only discovered by his horse returning home without him.—The officers and men of H. M. S. Reindeer gave a grand entertainment at the theatre in behalf of the Kau Relief Fund, and realized $200. They afterwards gave a concert on board their ship, which was attended by all the *elite*, and the officers of the U. S. S. Mohongo, and which is also spoken of as a very successful affair. The press speaks in a very complimentary way of the charitable disposition and abilities of our Naval people frequenting the Islands.—Horseflesh is wonderfully cheap at present in Honolulu. Anything in the shape of a horse with four legs is selling at *two bits* a piece, and being bagged by the tax collectors at four bits each, under some new law passed by the Assembly for taxing horses.—The only foreign arrival up to our dates was the Kinau, from this port with fish. The *Gazette* has a complimentary notice of the expected arrival of the Favorite, which sailed hence on her first trip a few days since. It is said such a vessel is much needed for the Hilo trade.

THE WRECK OF THE SUWANEE.—The Sparrowhawk arrived at three o'clock yesterday morning, having on board 135 officers and men of the unfortunate Suwanee. Lieut. Clarke and 25 men are left in charge of the wreck. The men were all landed in good order, and were found comfortably encamped on shore when the Sparrowhawk arrived at the scene of the disaster. The fore part of the vessel has gone down below water five fathoms, the after part still hangs on the rock. Officers and men speak in the warmest manner of the treatment received from the officers and crew of the Sparrowhawk, since misfortune overtook them. The men have all been transferred to the Pensacola. Four twenty-pounder guns and two howitzers have been landed on shore close by, and the 9 in. guns, of which there are six, have been buoyed on the wreck. The property of the officers has been saved, as up to the time of abandoning the vessel the birth deck had not been flooded.

RAILWAYS IN INDIA.—A few years since the English Government guaranteed the interest on $440,000,000, for the construction of 4600 miles of railroad in India. The system has worked so well that last year several of the companies exceeded the five per cent. of guaranteed interest, and were able to declare surplus dividends. What will be said to this by men who will maintain there is no future to this Colony? Only a few years since the English people guaranteed the interest upon *four hundred and forty millions!* and most of that investment is now paying over five per cent. Let them give us *one fourth* of that sum and we will create a kingdom as valuable as India, which will command the commerce and traffic of the world, and where investments of this sort will pay ten per cent. A few years does much in this age, and our turn is coming. Instead of building up the *world* let the capital of England be confined to her own dominions.

Aldeane, by LAURA PRESTON, published by A. ROMAN & Co., SAN FRANCISCO.—This novel does not belong to the sensational school, and in it we have none of the murders bigamies or seductions with which lady authoresses have made us so familiar with of late. It is a pleasant little tale of a young lady, who, being turned out of her home by her supposed stepfather, earns her livelihood as a governess in the family of a Southern planter, and as a reward for her virtues eventually finds her real father, and, what is more important, marries the object of her choice, after all the villains in the plot have met their just retribution. The characters are tolerably well drawn, the incidents natural and probable, and being written in a pleasant style the book will, we doubt not, find admirers. For sale by Hibben & Co., Government-street.

DOWN WITH THEM—Yesterday the war against the thistles was commenced in earnest It will be vain however for the Corporation to destroy the thistles disfiguring the public thoroughfares unless those on adjacent private lots are also cut down. Half a dozen left to seed will make them quite as bad next year, and there ought to be some power compelling the parties owning unoccupied lots to keep them clear of these pests.

MARTIN THE WIZARD.—This popular magician will give a farewell exhibition on Saturday night at the Theatre Royal. The evening's performance will be under the patronage of His Excellency the Governor and His Worship the Mayor. The abilities of Mr Martin are already known and appreciated here, and we doubt not he will have a good house.

THE LATE FIRE—The boiler and some castings, with the brick work belonging to the distillery consumed on Wednesday night, escaped injury. A carpenter who worked on the premises a short time since has been arrested on suspicion, and was remanded yesterday at the Police Court for three days. A fire inquest will be held to-day.

HARD TO PLEASE.—Many beautiful women when walking in the public thoroughfares, seem very angry if they are gazed at, and sadly annoyed if they are not. Who is wise enough to tell the brethren which is the better plan to adopt? In answer to this query we have always found it safer to make a pretty woman angry than to disapoint her.

THE assessed value of the personal and real property in San Francisco is enrolled at $58,668,102. The principle of assessment we believe, is to enrol property at one-fifth less than its actual value, so that considering her age, San Francisco may be regarded as a very rich city.

DIED.—Sir Benjamin Lee Guiness, M. P. for Dublin City, the eminent brewer and the restorer of St Patrick's Cathedral, at a cost of over £100,000, died in London on the 19th of May last, in his 71st year.

THE MONETA sailed for San Francisco yesterday. The Nazarine from China, was towed out of Esquimalt harbor for Burrard Inlet by the Grappler, yesterday, to load with lumber at Capt Stamp's mill.

FOR THE NORTH.—The Sparrowhawk returns this morning to visit the scene of the late Indian outrage.

A LARGE vessel has been seen in the Straits these last two days, supposed to be an Italian, on her way to Burrard Inlet.

AUCTION.—J. Brunn & Co. will dispose of their entire stock of Custom-Made Clothing, Gentlemen's Furnishing Goods, Hats and Caps, together with the Store Shelves and Counters, and a large Fire Proof Safe, within one month from date. Until then, the stock will be offered at very low prices to suit everybody.—J BRUNN & Co., corner Yates and Langley streets. *

THE BRIG BYZANTIUM—This vessel returned from Alberni yesterday bringing whatever lumber and other material belonging to the mill remained at that place..

IT IS said the Grappler will leave immediately for the Suwance wreck.

Letter from Lillooet.

EDITOR COLONIST,—May I venture to hope that your powerful voice, as the leading organ of public opinion in the Colony, will be raised in favor of the interests of our district, which are constantly jeopardized by the unskilful hands in whose care they are left. In favoring litigation, in the rigid application of inapplicable laws, (the Sunday law for instance) in interfering as *censor morum* with the amusements, occupation and business of our inhabitants; to wit, the Magistrate's answer to the only saloon keeper in Lillooet, and to Mr Tynon when they prayed to be allowed to have a dance on the Queen's birthday, in the vain endeavour to 'straiten up the district,' as Mr Sanders is reported to have said, 'from the confusion in which Mr Elliott had left it,' he will govern us off the face of the country. Mr Elliott is deeply regretted, and it is adding insult to injury in alluding to his administration in such terms. It were well for our present magistrate if he had one particle of the learning, wisdom and kind heartedness of his predecessor.

It was earnestly mooted before the Grand Jury at our last assizes, whether they should not petition for the magistrate's removal; but for some reason or other the matter was allowed to drop by common consent. Men are not disposed to thrust themselves into dangerous notoriety, particularly if swayed by business considerations, and they will bear patiently and silently with many blunders and abuses. I see, however, in your impression of the 4th inst, that one voice has been raised against this state of things. Mr Kay has been too cruelly persecuted to have longer listened to cautious advisers, and there is a point at which 'silence means consent, inaction cowardice.' He has dared 'to blow the horn,' and he must be prepared to 'draw the sword.' He has shown his personal grievance to be a danger to the public, and it now rests with higher authority to decide what should best be done.

Truly Yours,
LILLOOET.

Lillooet, July 7th, 1868.

NEW BROOMS SWEEP CLEAN.—The following circular has been addressed to the parents of Eton boys by the head master, Mr Hornby:—

'Eton, February 1868.

SIR,—I write to inform you that from this time forward the practice of giving leaving books at Eton will be forbidden, so far as it falls under my authority, and that the following regulations will be observed:—

1. No order for leaving books will be given by any tutor.

2. Boys will not be allowed to receive or exhibit leaving books in any of the houses or in College.

I wish further to ask earnestly for your co-operation and support in putting an end to a system which presses very heavily on many parents and boys, and which, independently of this, is felt to be very objectionable from the unreal and conventional character which it has assumed.—I am, &c.

J. J. HORNBY.'

Referring to the above letter the *Pall Mall Gazette* says:—'Having summarily disposed of one notorious abuse at Eton, we trust that Mr Hornby will act as summarily with another—the habit which obtains amongst the masters of extracting valedictory 'tips' from their pupils when they take leave of them. 'J D' has thus described the process in one of his letters to the editor of the *Cornhill Magazine*:—The boy waits on the head-master, who expresses his sorrow at parting with him, his wishes for his future welfare, and sends his best compliments to his parents; the two then shake hands and the boy retires. As he leaves the room a small table meets his eyes, on which is a plate with several bank-notes displayed upon it. If I may venture without disrespect to anybody to compare great things with small, I may observe that something of the same kind, with the same object, is to be seen at the stick and umbrella department of the National Gallery, and I am told, besides that, although a gratuity is not positively insisted upon, it will be gratefully received. On this plate the boy deposits a note and cheque, varying from £10 to £15. It is said that the sons of Dukes and railway kings go as high as £50, but of that I do not pretend to speak with any degree of authority. The next day—when the notes have been counted and the cheques cashed—the head-master's servant goes round to every boy who has taken leave with a handsomely bound volume as a keepsake from that dignitary, and receives from each boy 10s 6d as his share of the transaction. The general belief is that leaving money gives to the head-master of Eton £1500 a year and pays his butler's wages.'

THE Supreme Court of the State of New York have issued a perpetual injunction against Eaton and Jenkins for counterfeiting Ayer's Cathartic Pills holding them responsible for the cruel imposition in what they have done and restraining them from further like injury to the public. If any class of our people more than another needs the interposition of law to shield them from imposture, it is the sick and suffering who are unable to protect themselves, A remedy so universally employed as Ayer's Pills by all classes, both to cure and prevent disease, should as it does, have every security the law can afford it, from counterfeit and imitation. [Cabinet Schenectady.] *

Turner & Co., Government street, beg to inform the ladies of Victoria and vicinity, and the public in general, that they have made a great reduction in the price of the following goods: Ladies' Trimmed and Untrimmed Bonnets, Trimmed Hats Leghorn and Straw, Black Silk Jackets, Dress Muslins, Grenadines and Summer Skirts.—LONDON HOUSE, VICTORIA, B. The search for the missing bodies is still being prosecuted. Too much honor cannot be awarded to the brave fellows who jumped into the water and helped to save those who were unable to assist themselves. Among the number were the two Italians, Ferrero and Caslo, who after saving the lives of nearly a dozen persons were themselves drowned. Their remains lay in state at the armory of the Garibaldians until to day, when the funeral took place with most solemn and imposing ceremonies. Japan.

The Japan *Gazette* of May 29th gives the following further particulars of the war:

A Japanese gives the annexed account of the recent fighting between Aidzu and others of the Northern princes and that portion of the Mikado's forces who were marching on Yedo from the northwest. The "Kwangun" here mentioned is the name given to the officers charged by H. M. the Mikado to take possession of the late Tycoon's territory, and "Zo Kugun" is the appellation bestowed on the refractory Daimios who will not "cave in" at the summons of the Choku shi or Imperial ambassador or messenger.

Lords Hi-ku-ni, Choshiu and Kasama's men were mostly killed and wounded by Kwangun's armies. At O-yama Sorletamubu no kami, Lord of Mibu and commander of Mikado troops, was in the fight badly hurt by bursting of shot from large guns. He was leading the first troops. 18th day no fighting. 19th. Zokugun's troops marched to Utzo-no-mi-ya, and here was another battle, and Kasama's and Mibu's men were defeated after burning the temple and city; only a few of that daimio's men escaped to Ta-te-ba-yashi.

20th day, morning—Utzu-mo-mi-ye Castle was robbed by Zokugun's troops, and the Tycoon flag was put up and the view was very beautiful.

21st. At Hats-ka-no-hana, between Mibu and Ishi-bashi, there began a great battle between the Kwangun's men of Auma and Eushius and other daimios, and they were defeated again.

22nd. Castle of Mibu is robbed by Zokugun's men, and the troops in the Castle ran away and left the guns and powder.

23rd. Another fight began at Sekiyado, the result not yet heard; but Kwangun's troops must be defeated, as Zokugun's men come from every way and attacked all round.

It is said that on Tuesday last 1400 men were killed in a fight at Ooji—a few miles out of Yedo. These numbers seem to us to be much exaggerated—but that the battle was fought and terminated disadvantageously for the Satsuma party is beyond a doubt.

We believe that the following information is both positive and correct. Many skirmishes and isolated fights have taken place, but as yet no general attack has been made. The Northern princes, however, with Kanga and Sendai, at their head, have formed a coalition far stronger than the old one of the south, which succeeded in ousting the old government, and getting possession of the Mikado.

It is believed that the Mikado will remain in Osaka, and the Castle is to be restored for his occupancy. An arsenal, mint and an official quarter are to be built in and around it. Probably, after a time, a police will be built near the old one—but the site is not yet decided upon.

We yesterday heard a curious report that the High Priest of Kioto has taken him to task for interfering in temporal affairs, saying that his office is to deal with his ancestors, the gods, and not with men, ordering him to return to Kioto and to pay a heavy fine to the church.

At Osaka, May 23rd, Sir Harry S. Parks presented to the Mikado his letters accrediting him as the British Minister Plenipotentiary to Japan. He was escorted through the city by a party of soldiers belonging to the Princes Satsuma and Bizen, the latter being of the clan who gave the original trouble at Kobe. Besides these there was an English guard sufficiently strong for protection, had any underhand work been attempted.

The following private letter, dated Yokohama, June 4th, is written by a gentleman holding a prominent position in Japan:

Two weeks ago I went up to Yedo in the Monocacy, and remained a few days. Found everything very quiet. The troops both of the Mikado and his opponents had generally moved out of the city, and some skirmishes and fights had taken place between them north of Yedo. The political condition of the country is about as when you were here. The Tycoon has submitted to the Mikado, and gone into retirement in the Castle of Mito. He gave orders for his army and navy to surrender, but the soldiers mostly deserted with their arms, and the navy got up steam and went off. The army has since partially organized as *remins*, contrary to the orders of the Tycoon, and several battles have been fought, resulting generally in favor of the *remins*. The navy came back to Yedo, and a portion of the ships have been surrendered, but the Tycoon party still keeps the best of them. This place is in possession of the Mikado's people, two of his Ministers for Foreign Affairs being here. All foreign soldiers and marines who were in port protecting the place when you were here have been withdrawn, and we are now protected by the Mikado. The Monocacy and Iroquois are still here, and I am expecting Admiral Rowan in the Catagua the 1st of July.

IF you must take medicine then take AYER'S which are by far the most effectual remedies to be had any where. *

TO THE UNFORTUNATE

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal weakness, Impotency, etc. Skin diseases successfully treated.

Dr. Gibbon has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street

Dr. Gibbon has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of those horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, parched tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

Dr Gibbon is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address Dr J. F. Gibbon, 616 Kearney street, corner Commercial, San Francisco.—Post office box 252.

Remember to put BOX 252 on the letter.

Consultations FREE.

Report of the Directors of the Bank of British Columbia,

(Incorporated by Royal Charter),

To the Proprietors at the General Meeting to be held at the London Tavern, on TUESDAY, 12th MAY, 1868, at Twelve o'clock precisely.

THE DIRECTORS IN SUBMITTING THEIR HALF-YEARLY STATEMENT of Accounts, have to report that after paying all charges, and deducting rebate of interest on Bills not due, the Balance at credit of Profit and Loss Account on 31st December last was £10,549 14s. 1d., a considerable increase upon the previous half-year. This increase has been steady and progressive throughout the year, each quarter showing an improvement upon the preceding one. The conservative policy indicated in the last Report of the Directors has been maintained at all the Branches, and the Board are happy to be able to state that so far as they are aware no transaction involving loss, or in their opinion likely to result in loss, has been entered into during the past twelvemonth.

But while the Board are thus enabled to give a satisfactory account of the prospects of the Bank generally, and of the half year's working, they regret to state that the estimate of the losses which occurred in 1866, has been found to be deficient, arising mainly from the failure of two of the largest debtors (a failure which was not, anticipated) to meet the compromised payments agreed on. After the fullest investigation, the Directors believe that a sum of £45,000 will be ample to meet all these losses. The Proprietors are aware that there is a Balance at credit of Reserve Fund amounting to £20,000, and the Board believe that a further sum of £25,000 will cover all deficiencies. Under these circumstances the Directors cannot recommend the payment of a Dividend for the half-year, but propose that the profit of the half-year be applied in part liquidation of the losses, leaving the balance of bad debts to be [illegible] as the result of the business of the Bank may warrant.

The Directors have the satisfaction of stating that the San Francisco and Portland Branches continue to make good progress, and that in British Columbia the prospects of the Colony are brightening, especially at the mines, where new gold fields have been discovered and are being profitably worked.

The financial position of the Bank continues to be very strong, as will be seen by the accompanying Accounts.

The Directors have appointed as Inspector of Branches, Mr ALEXANDER WATSON, a gentleman who has had long experience in the Colony, first in connexion with one of the banks, and latterly as Colonial Treasurer of Vancouver Island.

The Directors regret to have to announce the death of their esteemed colleague, Mr FRASER.

The retiring Directors are Mr MACKEAN and Mr KAY, the former of whom being eligible, offers himself for re election.

The Shareholders will also have to elect Auditors for the ensuing year.

By Order of the Court,
HENRY ED. RANSOM,
General Manager.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurative known. It has also been applied with happy results in **Diseases of the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors and Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co.** is affixed to the bottle, as this Syrup is liable to imitations.

LIQUOR CARBONIS DETERGENS

OR

Concentrated Alcoholic Solution of the COAL TAR

[Extract from the Lancet, Dec. 4 1866

LIQ. CARBONIS DETERGENS—We are very optical of the value of new remedies, and it was in a spi scepticism that we tried the liq. carbonis detergen It is represented to be a concentrated alcoholic solut of the constituents of coal tar, and to contain all th ective ingredients of the tar, to wit, benzine, napthali and phenic acid. The addition of water, with agitat , makes a durable emulsion, in which the tar remains a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the chronic excematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others, such as fetid ulcers, etc., the preparation is put into the form of soap.
